RELAX IN MARRAKECH

A deeply relaxing massage to unite body, mind and spirit through a feeling of lightness and airiness. In this case we suggest using organic almond oil with lavender and lemongrass, whose natural essences have anti-inflammatory properties, lift your spirits, clear your mind and help you better concentrate and be more creative.

SPORT IN MELBOURNE

A high-intensity massage consisting of joint movements and stretching to regenerate muscles and activate blood flow. Ideal for athletes and active people. Our recommendation is organic almond oil with mint and rosemary, which stimulates muscles, relieves muscle contractures and calms nerves and anxiety, while providing elasticity and firmness to the skin and protecting bones.

S.O.S. ALOE VERA

Moisturising treatment for body and face with fresh aloe vera gel whose anti-inflammatory properties help reduce redness and heal and regenerate the skin. Ideal to protect your tan and soothe the skin after prolonged sun exposure.
